## Lamp Parts

**Reflectors**  
Nickel Plated Brass

For mirrors size 5-1/2"

**ELE552 \$120.00 Each**  
*To replace glass mirrors*

Wedges for reflectors

**ELE553 \$14.00 Each**

### Acetylene Burner Post Light

Adapter connects to the burner post inside your acetylene lamps.

This allows you to have both electrical and gas lights.

*One bulb included*

**Halogen**

**LED**

<b>Part</b>	<b>Each</b>	<b>Part</b>	<b>Each</b>
55w 12v ELE289	\$27.00	12v +/- ELE080	\$27.00
55w 6v ELE318	\$25.00		

### LED Burner Post Lights

This style is for both positive and negative ground.

**Part** **Pair**  
12v ELE282 \$75.00

### Lamp Wicks

For kerosene lanterns, range in length from 5" to 8". *Sold by the each.*

**ACC224 3/8" \$3.00** **ACC222 1/2" \$3.00** **ACC223 5/8" \$2.00**

### Red Rubber Tubing and "T" Fitting

Used with acetylene lights to give your gas lighting system an original appearance with functionality. This tubing will not discolor and is made to fit *1/4" brass tubing shown on page 30*.

**1/4"ID x 7/16"OD solid**

**RUB012 \$13.00 Per Foot**

**Brass clamp to fit tubing**

**BRA001 \$12.00**

**"T" Fitting Fits red tubing 1-3/8" wide, 7/8" tall, 1-1/4" diameter at tips.**

**"T" Fitting BRA217 \$15.00**

## Spark Plug Accessories

### Ignition Coils

Excellent replacement on many engines.

<b>Part</b>	<b>Each</b>
6V Coil ELE247	\$54.00
12V Coil ELE248	\$40.00
Bracket ELE249	\$10.00

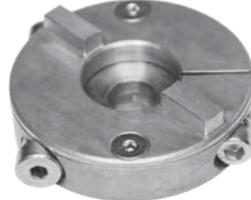

### Spark Plug Caps

Stamped brass caps are a clever way to "age" your modern spark plugs. Put them on top of the porcelain insulators for the look of "vintage brass top" plugs.

<b>Part</b>	<b>Each</b>
ID .475" ELE106	\$5.00
ID .621" ELE241	\$6.00

### Magneto Drive Coupling

A worm and gear case that clamps to the magneto for infinitely adjustable timing. Adjusts with a hex key. 2-1/2" Dia. - 1" Wide. Standard bore 1/2". Can be bored larger.

**ELE083 \$300.00**

### Spark Plug Boots

7mm straight - for use with *RAJ007 and RAJ020*; 2-1/2" long.

<b>Part</b>	<b>Each</b>
Black Rubber ELE039	\$2.00
Red Rubber ELE061	\$2.00

90 degree 7mm spark plug boot. Use with *RAJ013 and RAJ014*

<b>Part</b>	<b>Each</b>
Black Rubber ELE040	\$5.00
Red Rubber ELE107	\$3.00

### Magneto Terminals

Straight and 90 degree angle; 3/16 prong; fits 7mm wire. For 9mm wire, use a razor blade to reduce the diameter of the insulation at the terminal end. *When ordering, please specify if you want your terminals marked with successive rings.*

<b>Part</b>	<b>Each</b>
Straight ELE213	\$25.00
90° degree ELE214	\$30.00

90° degree black - .600" ID  
**ELE060 \$2.00**

Straight black rubber. 600" ID; will fit most caps with 7mm wire.

**ELE057 \$2.00**

Black rubber, fits 7mm wire. Cup ID .725"

**ELE035 \$2.00**

## Cloth Spark Plug Wire

All of our wire has Copper Conductors and modern insulation. (*Sold by the foot*)

7mm = approx. 1/4" diameter

9mm = approx. 3/8" diameter

12mm = approx. 1/2" diameter

Packard 440 Black Rubber	Has a heavy tinned copper conductor covered by black rubber. The lettering can be removed with lacquer thinner if desired. <b>Color "G"</b> ( <i>See inside front cover</i> )	<b>Black (G)</b> 7mm ELE186 \$4.00 Foot
Black Cloth Covered	High gloss black finish. Copper Conductor. Cloth covered with heavy black lacquer, high gloss. For the 40's look. <b>Color "B"</b> ( <i>See inside front cover</i> )	<b>Glossy Black (B)</b> 7mm ELE323 \$4.00 Foot
Black & Red Cloth Covered	Lightly lacquered. Commonly used during the teens, twenties and thirties. It gives many engines the correct "vintage" look. Copper Conductor. <b>Black-Color "E". Red-Color "K".</b>  ( <i>See color guide on inside front cover</i> )	<b>Black (E)</b> 7mm ELE187 \$4.00 Foot 9mm ELE188 \$4.00 Foot  <b>Red (K)</b> 7mm ELE348 \$3.00 Foot
Colored Cloth Covered with Tracers	Lightly lacquered cloth covered wire with yellow, dark orange, or brown with different colored tracers. It was commonly used on pre-WWII engines. Copper Conductor.  ( <i>See color guide on inside front cover</i> )	<b>Oak with Red &amp; Black (H)</b> 7mm ELE104 \$4.00 Foot 9mm ELE092 \$4.00 Foot  <b>Lemon with Red &amp; Black (F)</b> 7mm ELE215 \$4.00 Foot  <b>Brown with Black (A)</b> 12mm ELE122 \$4.00 Foot

## Electrical Wire and Battery Cable

Primary Wire. Stranded copper wire insulated with modern poly and covered with woven cloth. All single conductor wire has a solid cloth covering, with a light varnish coating. The two conductor wire, red/black cable, is also covered with black thread and a light varnish.

Gauge	Color (Ref)	Conductor(s)	Part	Price/Foot

## Battery Disconnects

### Heavy Duty Battery Disconnect Switches

The most common switch for 6V and 12V Systems. 175A continuous; ELE009 800A intermittent/175A continuous.

<u>Part</u>	<u>Each</u>
3/16" neck length	ELE009 \$100.00
15/16" neck length	ELE032 \$120.00
7/8" neck w/key lock	ELE296 \$90.00
Face plate 2-1/2" OD	ELE017 \$8.00

### Battery Disconnect Switch

Has a removable key; tough ABS plastic housing won't rust or corrode; heavy duty copper terminals; 50 amps continuous, 500 amps intermittent; easy to mount.

**ELE010 \$25.00**

### Foot-Operated Starter Switches

1-13/16" plunger length  
ELE004 \$60.00

1" plunger length  
ELE230 \$45.00

## Starter Solenoids

### 6V Starter Solenoid

Starter solenoid with push button activator; all copper contacts and nuts.

**ELE096 \$35.00**

### Starter Solenoids

Universal heavy duty steel solenoid. Switch terminal must be grounded to activate.

<u>Part</u>	<u>Each</u>
12v ELE295	\$80.00
6v ELE232	\$80.00

### 12V Starter Solenoid

Steel housed, insulated, 750 amp intermittent. 5/16-24 contact terminals, 10-32 ignition terminal. 5/16x19/32 mounting holes. 2-13/64 on centers. 2 accessory posts.

**ELE294 \$80.00**

### 12V Starter Solenoid With Button

Mount under the hood for starting the engine while working on it. Also starts with ignition switch.

**ELE443 \$70.00**

## Turn Signals, Flashers, Relays & Socket

### Turn Signal Switch

Universal mount, die cast chrome plated. Clamps to the steering column. It requires a Heavy Duty 6V or 12V flasher. Wiring diagram provided.

**3-pin ELE208 \$53.00**

### Heavy Duty Turn Signal Switch

Mounted to the steering column with a metal band that affixes to the unit with two separate half collar clamps. Housed completely in black plastic with indicator lights and a pull-out hazard light switch.

*Use with 3-wire flasher, 3-pin. Switch length- 4". Clamp band- 10" x 5/8". Wires- 19" from base of unit.*

**ELE442 \$100.00**

### Turn Signal Controller System

This system works for 6 & 12 volt, positive or negative ground cars. The switch will self-cancel using time and lack of brake signal. The time out is user adjustable for 15, 30, 45 or 60 seconds. The signal will not time out when brakes are applied. Easy to install; it comes with instructions, wiring diagrams and terminal labels on the control box. It is capable of sharing front parking or fog lamps for front turn signal and can operate with combined brake and turn signals or separate rear brake and turn lights. Toggle switch mounting post is 1/2" in diameter and thread length is 3/8" long. Do not need flasher. Will work with LED bulbs.

**ELE520 \$300.00**

### Heavy Duty Flashers

3 Pin, 6 and 12 Volt. Needed for ELE208. Use ELE287 for Socket.

<u>Part</u>	<u>Each</u>
6 Volt ELE256	\$14.00
12 Volt ELE029	\$14.00

### Regular Duty Flashers

*Use ELE287 for Socket.*

<u>Part</u>	<u>Each</u>
3pin 6V ELE034	\$21.00
2pin 12V ELE036	\$11.00

### Relay Switches

Heavy duty. Handles the high current draw of electric horns and head lamps.

*Use Socket ELE287.*

### Plug Socket

Works on 5-pin relays as well as 2 and 3-pin flashers. Heavy duty construction with 14 gauge color coded wire.

### Extra Loud Flasher

2 Pin 12 Volt  
Use ELE287 for Socket.

*Will not work with 3-pin turn signal.*

**ELE308 \$22.00**

### Flasher Holder

*Universal mounting with three variations.*

**ELE363 \$12.00**

### Headlamp Relay

12V ELE015 \$13.00 5 PRONG  
12V ELE016 \$15.00 4 PRONG

### Horn Relay

6V ELE047 \$25.00  
12V ELE257 \$28.00

**ELE287 \$5.00**

## Lamp Sockets, Plugs & Caps

All sockets and plugs in this section are with equal pin spacing (not offset pins) unless otherwise noted.  
Socket IDs are standard bayonet base with 19/32 in diameter.

### Screw-On Bakelite Plug

Screw on ribbed cap.  
Fits all standard sockets with equal pin spacing. 9/16-24 threads.

	<u>Part</u>	<u>Each</u>
Single Contact	ELE140	\$16.00
Double Contact	ELE141	\$16.00

### Caps

These caps allow you to solder our flexible conduit (pg. 11) to them to make a nice connection to the Bakelite plug.  
9/16-24 internal thread.

	<u>Solid Brass</u>	<u>Nickel Plated Brass</u>
	CAP003 \$16.00	0.402" Bore CAP002 \$18.00
	CAP005 \$16.00	0.342" Bore CAP004 \$18.00
	CAP007 \$16.00	0.270" Bore CAP006 \$18.00

### Bayonet Socket

Nickel plated brass housing and recessed insulated wire connectors; diameter is 11/16".

**Double Contact ELE006 \$26.00**

### Double End Sockets

Holds a light bulb in one end, plug in the other; perfect for wiring head, tail and cowl lights. 11/16" OD.

**Double Contact ELE138 \$23.00**

### Non-Flush Mount Sockets

Exposed screw terminals; accepts standard light bulbs; mounts in 11/16" hole in panel thickness up to 3/8".

**Double Contact ELE018 \$25.00**

### Prefocus Socket

**Double Contact ELE056 \$20.00**

### Universal Light Sockets

**Double Contact for OFFSET pins.**

**1" Hole ELE237 \$4.00**  
**3/4" Hole ELE260 \$4.00**

### Universal Light Socket

**For 3/8" base bulb. Straight pins.**  
**Snaps into 5/8" hole.**

**Single Contact ELE238 \$5.00**

### Female Mount Socket

2 hole mounting 1-1/4" apart.  
Mounts in 11/16" hole.

### Push-In Plug

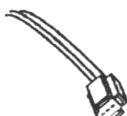

Bakelite plug with screw on ribbed cap.  
*Fits socket ELE045.*

**Double Contact ELE045 \$30.00**

**Non-Polarized ELE082 \$11.00**

**Single Contact ELE239 \$11.00**

### Headlight Plugs

Standard 3 contact assembly.  
Fits sealed beam headlamps and our **Halogen Bulbs ELE147, ELE149, ELE235, and ELE236.**

**ELE127 \$12.00**

3 contact plug for Halogen Bulb 9007  
*fits ELE448.*

**ELE342 \$12.00**

### Pigtails

Pigtails with spring and insulator for repairing many standard single and double contact bayonet sockets. 19/32" Diameter.

	<u>Part</u>	<u>Each</u>
Single Contact (for miniature light bulb)	ELE073	\$5.00
Single Contact	ELE126	\$5.00
Double Contact	ELE223	\$5.00
Wire w/Contact	ELE360	\$5.00

**3/16" Contact button ELE364 \$4.00**  
**5/16" Contact button ELE369 \$4.00**

*Both Contact Buttons fit #14 wire*

## Dash Lamp

### Dash Lamp Chrome Plated

Fits 11/16" hole; threaded base is 3/8" long; does not have integral on/off switch; wire leads included.

Threaded Base

Recommended Bulbs: 6V ELE175, 12V ELE176.

**ELE008 \$50.00**

## Headlamps & Reflectors

### LED Bullet Lights

12v lights in red or amber, bullet shaped. 3/4" diameter at the base, 1" high. They are mounted with a threaded nipple that is 7/32" wide and 3/4" long. Single wire end is 12" long and pre-tinned for easy connection.

**Red ELE438 \$32.00 Pair      Amber ELE437 \$30.00 Pair**

### Halogen Reflectors

Chrome plated brass and die stamped. Fitted with modern replaceable halogen high/low beam headlamps.

These parking lights can also support turn signal operation.

Reflector diameters are measured across total width or widest part of flange.

*Diameter is measured to the outside of the mounting flange.*

## Electrical Hardware & Materials

## Tube Clamps

Common Hot Feed. Hot Feed bar can be removed for single circuits. Fiberboard base, brass terminals and screws, nickel plated fuse clips. Accepts standard glass fuses.

#Circuits	Part	Each	#Circuits	Part	Each
1	ELE110	\$10.00	5	ELE114	\$50.00
2	ELE111	\$20.00	6	ELE401	\$60.00
3	ELE112	\$30.00	7	ELE402	\$70.00
4	ELE113	\$40.00	8	ELE403	\$80.00

### Glass Electrical Fuses

1/4" x 1-1/4" Fits fuse blocks (above).

Part	Each	Packs of 5
5Amp ELE516	\$2.00	5 Amp ELE521 \$7.00
10Amp ELE517	\$3.00	10Amp ELE522 \$12.00
15Amp ELE518	\$3.00	20Amp ELE523 \$14.00
20Amp ELE519	\$3.00	

### Glass Electrical Fuses

3/8" x 1-1/2" 32 volts max.

Part	Each
5Amp ELE270	\$8.00
10Amp ELE271	\$8.00
20Amp ELE272	\$10.00

### Red Fiber Block

Vulcanized fiber that's tough and durable. Perfect for insulators and other fabrications. You can saw, machine, and shape it easily.

Sold by the square inch.

Thickness	Part	Per Sq Inch
.062 (1/16")	ELE193	\$1.00
.125 (1/8")	ELE212	\$1.00
.250 (1/4")	ELE216	\$2.00
.500 (1/2")	ELE191	\$3.00
.750 (3/4")	ELE192	\$3.00

### Linen Cord (Whipped Wire End)

Color	Part	Each
Ivory	ELE097	\$15.00
Black	ELE098	\$15.00
Brown	ELE099	\$15.00

This is used for wrapping wire ends on early electrical systems.

A heavy beeswax coating keeps it in place while wrapped.

Coat it with our Q-Dope (at right) for an authentic look. 25yd roll

### Wire Ties

Lightweight aluminum and brass wire tie.  
1/4" wide x 8" long x .032 thick.

Material	Part	Each
Aluminum	ELE172	\$4.00
Brass	ELE244	\$5.00

### Bus Bar

Brass hot feed bar with Bakelite Base. #10-32 Brass Terminals; two mounting holes

ELE115 \$17.00

### Friction Tape

Old style, black.  
Used on electrical systems.

Part	Each
3/4" ADH004	\$7.00
1-1/2" ADH003	\$15.00

### Q-Dope

Seals wire ends that have been wrapped with our linen cord. It's clear insulating liquid is specifically designed to brush on bare spots on windings and coils.

The 2 oz. bottle has a self-contained brush.

ELE136 \$23.00

### Electrical Insulating Coating

Used for electrical and electronic connections.

It is applied in liquid form and then cures, bonding with components and connections. Increased insulating and dielectric properties with additional applications.

ELE347 \$35.00

# Restoration Supply Company

## Gano Coolant Filters

A full flow filter designed to be installed in the upper radiator hose of your automobile. It prevents rust scale, rubber, gasket material and other matter from clogging your radiator. Available in clear plastic, aluminum and brass and comes in three sizes. The filter screen is 15 mesh with 225 openings per square inch.

- Stops radiator clogging
- Removes scale and rust
- Never needs replacing
- Easy to install
- Easy to clean

*\*Kit includes 2 clamps*

### Small 1-1/8" to 1-3/8"

Clear	GAN014	\$45.00
Aluminum	GAN015	\$45.00
Brass	GAN016	\$50.00

### Medium 1-1/2" to 1-3/4"

Clear	GAN017	\$47.00
Aluminum	GAN018	\$47.00
Brass	GAN019	\$52.00

### Large 1-7/8" to 2-1/8"

Clear	GAN020	\$47.00
Aluminum	GAN021	\$47.00
Brass	GAN022	\$55.00

## Gano Heater Core Filter

## Hose Clamps and Strap

### Steel Band Clamp Zinc Plated

Fits hose ODs of 1" to 4-1/2".  
1/2" wide band.  
Insert the end of the strap through the clamp lock and trim off excess. Tighten screw to secure hose.

**FAS035 \$7.00**

### Adjustable Band Clamps

*Stainless Steel 1/2" wide band.*

<u>Part</u>	<u>Each</u>
11/16 - 2-5/8" ID	<b>FAS027 \$6.00</b>
1-3/4-5" ID	<b>FAS028 \$15.00</b>

### Adjustable Band Clamps

"Ideal" was the most effective fully adjustable screw clamp ever made.  
They are widely used on a number of vehicles.  
*Limited Supply (NOS).*

### Hose Clamp Strap

Zinc plated strap material. Wraps around hose twice.  
Length needed per clamp = 2x hose circumference + 1-1/2".  
Use clamps on right.

#### *Sold in 3 Foot Rolls*

3/16" 5mm	<b>BEL014</b>	\$12.00
11/32" 9mm	<b>BEL015</b>	\$14.00

### Hose Clamp Strap

For use with strap at left, these reusable locks wind up, tighten, and lock in place.  
Use on hoses, muffler bodies, etc.

#### *Twist Lock*

5mm	<b>BEL002</b>	\$5.00
9mm	<b>BEL019</b>	\$7.00

#### *Ratchet Lock*

<i>n/a</i>	
9mm	<b>BEL003 \$45.00</b>

### Ties Stainless Steel

Self locking ties, designed to secure exhaust wrap, fasten other insulation products and are useful in many different areas. Made of high grade 304 SS and a tensile strength over 100 lbs. Can withstand temperatures in excess of 2500 degrees F.

<u>Part</u>	<u>Each</u>
8" tie has 2" diameter bundle size	<b>FAS212 \$3.00</b>
14" tie has 4" diameter bundle size	<b>FAS213 \$6.00</b>

### Tower Type Hose Clamps

Galvanized steel band style w/fillister slotted screw.  
Also available with slotted hex head screws upon request.

<u>Clamps Size</u>	<u>Hose Size</u>	<u>Clamp ID</u>	<u>Part</u>	<u>Each</u>
1-1/4"	5/8" & 3/4"	7/8" - 1-1/16"	<b>FAS200</b>	\$8.00

**Radiator Hoses & Hose Clamps**

# Restoration Supply Company

## Cooling Stuff

No Cavitation  
No Boil-over  
No Corrosion  
No Silicates  
Non-Toxic

375 °F Boiling Point at Zero psi

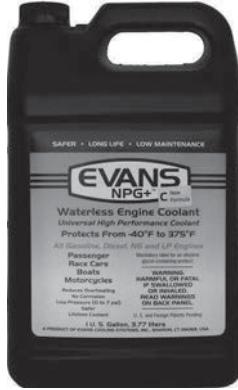

Trucks  
Motorcycles  
Rails & Bajas  
Anything with a  
Water Pump

EVANS lifetime, corrosion free, WATERLESS engine coolants have been proven on professional race circuits and private multi-million dollar test tracks, exotic engine dynamometers, and in competition with virtually every major sanctioned body of racing.

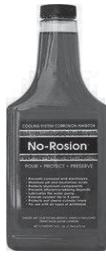

- Waterless Antifreeze. Evans Coolant NPG+ c and Heavy Duty are fully synthetic & waterless. Compatible with ALL cooling systems with a water pump.
- If your cooling system has poor circulation flow; no coolant will work well. As with any system change, caution should be used to ensure proper operation of the cooling system.
- NPG+c is for light duty diesel and all gas cars in conditions ranging from -40°F to 375°F. Using NPG+c eliminates water-caused corrosion, electrolysis and cavitation. Heavy Duty is for larger diesel systems.
- Powersports Coolant provides similar benefits for motorcycles, ATVs and snowmobiles. Available in half-gallon bottles.
- See [www.evanscooling.com](http://www.evanscooling.com) or call us at the number below for product details, application, & information.

	<u>Part</u>	<u>Each</u>
NPG+c	LUB200	\$67.00 Gallon
Power Sport Prep Fluid	LUB202	\$30.00 Half Gallon
	LUB034	\$40.00 Gallon

### No-Rosion Additive

No-Rosion Cooling System Corrosion Inhibitor stabilizes coolant pH and protects all six metals most commonly found in cooling systems from corrosion and electrolysis - including aluminum. Polymer dispersants in No-Rosion prevent hardness in water, and inhibitors in antifreeze, from dropping out of solution to form gels that cause scales and deposits that cause overheating. Proper use of No-Rosion extends coolant life to five years. The flush is a powerful industrial grade formula that helps remove antifreeze gels and rust particles. It neutralizes weak acids, cleans and primes metal surfaces inside the cooling system.

	<u>Part</u>	<u>Each</u>
Corrosion Inhibitor	LUB170	\$25.00
Flush	LUB171	\$25.00

### Thermostat Water Pump Packing

### In Line Thermostat

Clamps inside the upper radiator hose.  
Opens at 160°.

<u>Dia.</u>	<u>Part</u>	<u>Each</u>
1-1/2"	ACC038	\$50.00
2"	ACC173	\$22.00

### Water Pump Packing

A woven fiber packing impregnated with lubricant. Rated at -170°F to 500°F, pressure rated at 300psi; tolerates high shaft speeds. Seals with 25% less pressure.

<u>Width</u>	<u>Part</u>	<u>Per Foot</u>	<u>Width</u>	<u>Part</u>	<u>Price</u>

## Oil Gun & Hose

22" long. Comes with a 5-inch long rigid connection tube with an adapter for Zerk fittings. The gun and the connecting tube have 1/8" NPT threads. We sell separately, 18" rubber connection tubes and adapters for button head, Enots, Pin-Type and Old Style Zerk Fittings.

*Part* *Each*  
Oil Gun LUB165 \$350.00  
18" Flex. Hose LUB166 \$35.00

## Handy Bearing Packer

Quickly flushes out old grease and replaces it with new grease. Works on bearings up to 3-1/2" OD.

LUB074 \$50.00

## Oil Guns

1-1/2" x 12" Barrel  
FLU035 \$200.00

These brass, self-filling oil guns are made for forcing heavy oil into transmissions, rear axles, and other hard to reach spots. They also work well for removing oil where there's no drain.

1-1/4" x 7" Barrel  
FLU034 \$125.00

## Syringe

Reusable/disposable 1/2oz syringe.  
*Perfect for dispersing lubricants and epoxies.*

LUB020 \$2.50

Oil Accessories, Grease Adapters and Fittings

# Restoration Supply Company

## Tech Tip

### What does PT (Pipe Thread) Mean?

To actually determine the **size** of a **pipe**, the outside **diameter** of each **pipe** or fitting must be measured and compared to the table for size identification.

For example, a **1/4" NPT pipe thread** has an outside **diameter** of **.540** inches.  
Each thread size has a defined number of **threads** per inch (TPI).

Pipe Thread Size	OD Actual (inches)	OD Fraction Inch (quick reference only)	Threads per Inch
1/8	0.405	13/32	27
1/4	0.540	35/64	18

### Priming Cups *Solid Brass*

Authentically styled, similar to many originals. Height 2-11/32"; cup diameter 5/8".

<u>Part</u>	<u>Each</u>
1/8 PT FLU003	\$33.00
1/4 PT FLU012	\$55.00

### Brass Cocks *Solid Brass*

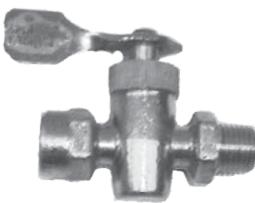

Thumb grip lever.  
Female pipe threads on both ends

<u>Part</u>	<u>Each</u>
1/8PT FLU013	\$14.00
1/4PT FLU014	\$16.00

Male pipe threads on both ends.  
1/8PT FLU008 \$12.00

### Fuel Shut-Off Valves *Solid Brass*

## Valves & Plugs

### Angled Spigots *Brass*

"L" Handle

<u>Part</u>	<u>Each</u>
1/8 PT FLU005	\$15.00
1/4 PT FLU010	\$15.00

### Angled Spigots *Brass*

"T" Handle

<u>Part</u>	<u>Each</u>
1/8 PT FLU058	\$15.00
1/4 PT FLU059	\$15.00

### Straight Spigots *Brass*

<u>Part</u>	<u>Each</u>
1/8 PT FLU036	\$14.00
1/4 PT FLU042	\$16.00

### Radiator Drains *Brass*

<u>Part</u>	<u>Each</u>
1/8 PT FLU051	\$10.00
1/4 PT FLU052	\$11.00

Easy to turn, with Buna-N O-ring seals. 30psi. -40° to +250°, rated for gas, oil, kerosene, air and LP.  
Does not leak or drip.

<u>End style</u>	<u>Size</u>	<u>Part</u>	<u>Each</u>
Male / Female	1/8 PT	FLU015	\$50.00
Female/Female	1/8 PT	FLU018	\$80.00
Male / Female	1/4 PT	FLU016	\$43.00
Female/ Female	1/4 PT	FLU017	\$45.00

Bottom

<u>Part</u>	<u>Each</u>
1/8 PT FLU055	\$7.00
1/4 PT FLU056	\$7.00

### Radiator Drains *Brass*

Side drain

<u>Part</u>	<u>Each</u>
1/8 PT FLU053	\$10.00
1/4 PT FLU054	\$11.00

### Slotted Head Pipe Plugs *Brass*

<u>Part</u>	<u>Each</u>
1/8 PT FLU004	\$3.00
1/4 PT FLU057	\$3.00

### Square Head Pipe Plugs *Brass*

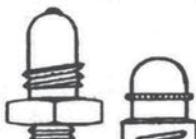

<u>Size</u>	<u>Part</u>	<u>Each</u>
1/8 PT	FLU082	\$4.00
1/4 PT	FLU083	\$6.00

<u>Size</u>	<u>Part</u>	<u>Each</u>
3/8 PT	FLU084	\$10.00
1/2 PT	FLU085	\$6.00

## Enots Oilers

### Enots Oilers & Cap

Common on British cars, notably Rolls-Royce.  
The caps fit original oilers.  
Nickel plated and ready to install.  
5/16" BSF measures 19/64" across threads.  
1/8" PT measures 3/8".

*Imported from England.*

<u>Oiler</u>	<u>Part</u>	<u>Each</u>
5/16 BSF	LUB005	\$20.00
1/8 PT	LUB006	\$20.00

Cap LUB007 \$17.00

## Fuel Pump Repair Kits

These are for single-action mechanical fuel pumps. Contains everything that is normally needed to rebuild a fuel pump except the rocker arm, as most of the time it is reusable. All diaphragms are .060" thick nylon reinforced rubber and good for gas that has up to 10% alcohol. Please see our website for detailed images of each fuel pump repair kit.

## Lubriplate Lubricants

### SPO Gear Oil

*Sold by the Quart*

Designed for a wide variety of industrial applications such as gear cases, machine ways, chains and general purpose lubrication. These oils will provide a long-lasting wear resistant film that reduces friction and heat. The polar affinity of SPO protects metal surfaces from rust and corrosion as well as chemical corrosion. They have excellent remissibility, oxidation resistance and thermal stability, thus extending lubricant life. Can be mixed with each other for viscosity tuning.

Actual field operations have proven that **LUBRIPLATE SPO Lubricants** provide a tacky, superior lubricating film for high-sliding action in worm, bevel, helical and spur gears as well as machine ways, chains etc. This series of products will reduce friction and heat, thus improving efficiency. The anti-wear properties are compatible with brass, bronze and silver-alloy metals. They are excellent for areas of high moisture, heat and load found in many industries ranging from quarries and mills to food processing.

Oil Weight	Lubriplate Number	RSC Part Number	Price
90W	SPO-255	LUB014	\$40.00
110W	SPO-266	LUB015	\$25.00

### Meropa 1500 Gear Oil

**This is the thickest and heaviest oil we can pour.**  
 It pours like molasses and it will flow.  
 Great for early transmissions and rear axles.  
 Good with yellow metals.

	Part	Each
1 Quart	LUB026	\$38.00
1 Gallon	LUB164	\$61.00

### ZDDPlus

Straight additive for your oil.  
 Add to your 5 qt. oil change to take the ZDDP level back to the levels your engine needs.

	Part	Each
4 oz. Bottle	LUB103	\$12.00

### ZDDPlus & Gear Oil

## Penrite Lubricants

## PENRITE —OIL—

Founded in Australia in 1926, Penrite has a wealth of experience behind its products and offers a complete range of oil and greases for classic, veteran and vintage cars and motorcycles. Specifically formulated to meet original engine and vehicle requirements, by utilizing the very best of modern technology.

As each vehicle's needs are different, Penrite has made recommendations for most every Vintage and Classic vehicle manufactured. To get specific recommendations for your vehicle, MSDS sheets and detailed product specification sheets, including chemistry, visit [www.PenriteOil.com](http://www.PenriteOil.com).

### Penrite Engineered Engine Oils

#### **Classic HPR Range.** Designed for vehicles from 1950's - 1979

Classic Light SAE 30	20w-60 motor oil	5-litre jug LUB049 \$52.00
Classic Medium SAE 40	25w-70 motor oil	5-litre jug LUB050 \$60.00

#### **Shelsley Range.** Designed for vehicles from 1920's - 1950's

Shelsley Light SAE 30	20W-60 motor oil	5-litre jug LUB043 \$51.00
Shelsley Medium SAE 40	25W-70 motor oil	5-litre jug LUB036 \$60.00

#### **Gear Box Range.** Straight, Synchro & Epicyclic gears & overdrives

Gearbox 30	Ok w/yellow metal	1-litre jug LUB052 \$12.00
Gearbox 40	Ok w/yellow metal	1-litre jug LUB054 \$12.00

#### **Specialty Engine Oils**

Running In Oil	First 300 miles	1-litre jug LUB110 \$50.00
----------------	-----------------	----------------------------

#### **Transoil Range.** Non-Additive. Straight Bevel & Worm gears

Transoil 90	Ok w/yellow metal	1-litre jug LUB029 \$15.00
Transoil 140	Ok w/yellow metal	1-litre jug LUB030 \$15.00
Transoil 250	Ok w/yellow metal	1-litre jug LUB031 \$18.00

#### Liquid Conversion Chart

500ml	.53 quarts
1 litre	0.2642 gallons
1 litre	2.1134 pints
1 litre	1.0567 quarts
2.5 litre	2.64 quarts
5 litres	5.2835 quarts

Rubber Grease	Red Clay base, for natural or synthetic rubber, not for brake backing plates	500 gram can LUB167 \$13.00

### Specialty Products

Copper EZ	Anti-seize temp resistant to 2000 deg F, use on studs, nuts, bolts, etc. For easy assembly/disassembly	500 gram can LUB131 \$20.00 50 gram tube LUB132 \$7.00
-----------	---	---

### STEERING BOX LUBE / SEMI FLUID - Our Best Seller

1200w, EP non-leaking, manual box specialty gear oil

NLGI 00 Lithium Base

**Semi Fluid & Steering Box Grease** is suitable for veteran/vintage and some classic car steering boxes. It can also be used in some classic car and motorcycle gearboxes that require high viscosity lubrication or a self-levelling grease such as Burman motorcycles gear boxes used in many older motorcycles brands such as AJS, BSA, Ariel and others.

- Extends bearing and gear life by minimizing wear and shock loads
- Does not splash so maximizes lubrication efficiency
- Resists leakage even under heavily loaded conditions

500 Gram Bottle LUB009 \$22.00

## Winged Valve Stem Covers

### Valve Stem Covers

#### *Early Michelin Style*

Overall length 2-1/2";  
wingspan 2".

*Used for metal-stems only.*

	<u>Part</u>	<u>Each</u>
Brass	ACC300	\$100.00
Nickel	ACC301	\$100.00

### Air Pump Hose and Kit

### Air Pump Hose

Replaces the old, dried or cracked hose on all kinds of air pumps.  
The hose is black with a cloth covered appearance; it is 19" long.  
Hardware includes 2 period correct clamps and a valve stem adapter.

*Sold by the each.*

	<u>Part</u>	<u>Each</u>
Hose	ACC176	\$18.00
Hardware	ACC178	\$12.00

### Exhaust Cutout

It is unlikely you'll find a restorable large bore cutout, so we made some exact iron replicas, which are correct down to the foundry number and patent date. (pat. June 24, 1913).

A full deflector type which diverts all the exhaust out of the opening, it has machined inlet and outlet openings so you can bore it to your own specifications.

**It accommodates pipes 2-1/2" - 3-1/4".**

	<u>Part</u>	<u>Each</u>
2-1/2" - 3-1/4" OD	MEC025	\$625.00

# Restoration Supply Company

## Muffler Sections

Designed for the Powell Muffler; these stamped steel sections are 6-1/2" in diameter and stand 2" tall. Each section will add 1-1/2" to your muffler overall length. Stack together as many pieces as you need. You will need to provide your own end sections. *Sold by the sectional piece.*

**MEC030 \$33.00 Each**

## Muffler Wrap

A substitute for asbestos, this 1/8" thick ceramic wrap is ideal for wrapping mufflers and straight pipes. Easy to handle and cut. We recommend our hose clamp strap and locks sold on page 14 to hold it in place. It is heat resistant to 2300°F. *24" wide. Sold by the linear foot; white only.*

**CLO043 \$21.00 Foot**

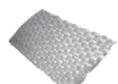

## Ceramic Tape

1" wide x 1/8" thick. Has the same properties as the ceramic rope below. It's an excellent insulation material for high temperature exhaust systems on many antique and classic vehicles. We suggest you overlap each wrap about 1/2" to give it the correct look and maximum insulation. Secure the ends with wire or our band clamps sold on page 14. *Fine weave. Sold by the foot; white only.*

*Note: This product may smoke heavily during burn in.* **CLO022 \$2.00 Foot**

## Adhesive Ceramic Tape

Similar to CLO022 above, except it has a coarser weave and an adhesive backing to aid in installation. Good to 1500°F. *Sold by the foot; tan only.*

*Note: This product may smoke heavily during burn in.*

**1" Wide CLO046 \$3.00 Foot 2" Wide CLO051 \$5.00 Foot**

## Ceramic Rope

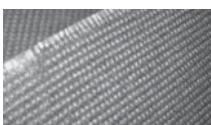

The correct replacement for old asbestos cord used to wrap exhaust systems. It is a high density, high temperature, non-hazardous material which is the closest to the original we've found so far. Its diameter is 3/8" but reduces to approximately 5/16" when stretched around an exhaust. *Sold by the foot; white only.*

*Note: This product may smoke heavily during burn in.*

**CLO021 \$1.00 Foot**

## Muffler Wrap Woven Blanket

Asbestos free, however, it has an appearance much like it. It has a coarse weave and is tan in color. It is very pliable and will wrap nicely without the fear of tearing. High strength, durable, dimensional and chemically stable. Will not burn and resistant to molten sparks and splashes. Use up to 1500°F. As well as making a good welding splash shield, it works for insulation, padding, and gaskets. *The blanket is 1/16" thick and on a 40" wide roll. Sold by the linear foot; tan only.*

*NOTE: This product may smoke heavily during burn in.*

**CLO053 \$23.00 Linear Foot**

## High Temperature Woven Sleeving

Asbestos free, but still has the old, coarse weave and look of it. Use up to 1500°F. Perfect for wires or tubes that you want to protect from heat. Coarse weave and tan in color. Will not shrink or burn and electrically resistant. *Sold by the foot; tan only.*

*NOTE: This product may smoke heavily during burn in.*

**1/4" ID CLO054 \$3.00 Foot 1/2" ID CLO055 \$3.00 Foot**

## Ceramic Paper

Made from asbestos free Alumina based refractory fibers. Melting point of 3200°F, and continuous temp of 2300°F. Resistant to thermal shock, corrosion. It can be cut with ordinary hand scissors, folded, wrapped, rolled and will mold around sharp corners. Ideal for gaskets, furnaces, electrical insulators. Be sure to specify what size you need. Roll width is 24 inches. *Sold by the linear foot; white only.*

*NOTE: This product may smoke heavily during burn in.*

**White 1/32" Thick CLO056 \$9.00 Linear Foot**

Med. Green-Gray	RUB069	\$15.00/sq ft.
Blue Gray	RUB070	\$15.00/sq ft.
Green	RUB064	\$15.00/sq ft.

*Per 13" x 96" Strip*

RUB102	\$120.00
RUB103	\$120.00
RUB104	\$120.00
RUB105	\$120.00
RUB106	\$120.00
RUB109	\$120.00

*When ordering Linoleum by 78" wide roll, please specify your length.  
(Example 78" x \_\_\_\_)*

### Linoleum Glue

Water based adhesive.  
Apply with a 1/16" square notch trowel.  
*Spread rate: approx. 15 sq.ft./pint.*

**1 Pint ADH046 \$25.00**

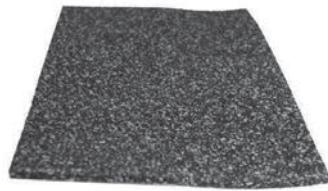

### Linoleum Cleaner and Conditioner

*Cleans, seals and protects.*

	<u>Part</u>	<u>Each</u>
Cleaner 1 Quart	PRO025	\$40.00
Conditioner 1 Quart	PRO026	\$40.00

### Cork Flooring Mat

Compounded of cork and urethane rubber.

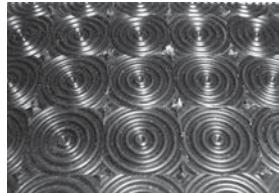

Can be used on running boards, floor boards, and trunk linings.

*Sticky back is 1/8" thick.*

*We recommend you seal it with Smiths Epoxy on page 61 to prevent oil from soaking in.*

**36" Wide COR002 \$55.00 Linear Foot**

### International Harvester Corporation Circle Rubber Mat

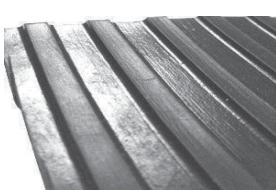

Reproduced to look just like the original.

The correct material for high wheeler running boards and floor mats.

*3/16" thick.*

**Black 35" x 28" RUB033 \$175.00 Piece**

### Flat Top Ribbed Mat - Rubber

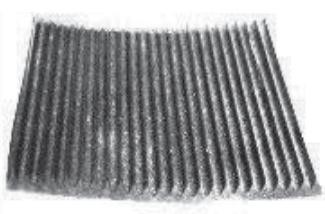

Ribs run lengthwise. Square on top.

Ribs are 1/4" across and spaced 1/4" apart.

*Thickness at the ribs is 3/16" and they stand up 1/16".*

**Black 36" wide RUB035 \$25.00 Linear**

### V Ribbed Mat - Vinyl

The ribs form a sharp "V" on the top and run lengthwise.  
9 ribs per inch. 1/8" thick.

**Black 36" wide RUB022 \$25.00 Linear Foot**

**Black 48" wide RUB048 \$25.00 Linear Foot**

## Pyramid Vinyl

Rows are diagonal from the side.  
1/8" thick with pyramids 45 degrees to the edge.  
Pyramid base size 5/32".

For Contact Cement  
See page 60

Black 36" wide RUB023 \$32.00 Linear Foot  
Black 48" wide RUB032 \$30.00 Linear Foot

## Wide Ribbed Rubber

Deluxe ribbed mat that makes excellent running board material.  
The flat ribs measure 1/4", on either side there are six small ribs totaling 5/32".  
1/8" thick ribs run lengthwise.

Black 36" wide RUB015 \$40.00 Linear Foot  
Black 48" wide RUB020 \$40.00 Linear Foot

## Floor Coverings

### Corrugated Mat - Vinyl

Ribs run lengthwise and are rounded on the top.  
Valleys are 1/8" wide; rib and valley widths are 1/8".

Gray 36" wide RUB029 \$15.00 Linear Foot  
White 36" wide RUB030 \$34.00 Linear Foot  
Black 36" wide RUB010 \$27.00 Linear Foot  
Black 48" wide RUB036 \$34.00 Linear Foot

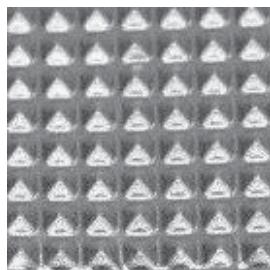

### PVC Matting

Black, semi-gloss matting.  
Good for flooring.  
1/8" thick.

Black 36" wide RUB097 \$21.00 Linear Foot

### Pyramid Aluminum

Used on Pierce-Arrows and other vehicles, fire trucks,  
and vintage aircraft. There are 7 pyramids per inch.  
The aluminum is .025 thick; overall thickness of a stamped sheet is .065.  
Base of the pyramid is .135.  
*Available in 16"x 80" sheets only.*

ALU001 \$400.00 Sheet

Temporarily out of stock

# Restoration Supply Company

## Top Material

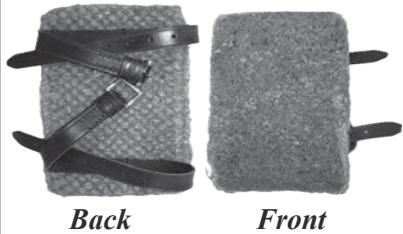

### Top Material

Vinyl that imitates British Everflex .  
Often referred to as "crush grain" or "leather grain" vinyl.  
54" wide.

**MAT008 \$17.00 Linear Foot**

## Coco Mat and Step Pads

*Back*

*Front*

### Coco Mat Step Pads

These pads come with bonded edges and two straps.  
Dimensions are 15" x 10" x 1-3/4".

**MAT009 \$200.00 Each**

### Coco Mat

Extremely durable and gives a correct period look.  
The fibers are mounted in a vinyl backing which prevents raveling and shedding when cut.  
It makes excellent trunk and rear floor board matting.  
*Available in natural (tan) only; 1/2" thick.*

**MAT001 \$18.00 Square Foot**

## Insulation

### Insulation

A jute material with reflective foil bonded on both sides.  
Excellent for use under carpeting, door and side panels, transmission tunnels, firewalls, floor pans, etc.  
Rated R-18.3, 40/700 degrees F, it's also a good noise suppressor.  
5/16" thick; 48" wide x 72" long.

*Sold by the roll only.*

**MAT007 \$40.00**

## Wire Mesh

### Wire Cloth / Screen

Better known as wire screen.  
It serves as a fuel, oil, and air filter, as well as a bug screen for air vents and horns.

Brass or Stainless available in a variety of mesh counts.

**(Mesh size = # of openings per inch).**

Use 50 mesh for bug screens, and 100 mesh for fuel filters.

### Threaded Rivets

Unslotted machine screws are the perfect substitute for hard-to-use rivets because they look like a rivet on top but are held securely in place by a standard nut.

These are the rivet head styles we stock:

Hex Nuts sold on page 42.

Stainless Steel Threaded Rivets						
Size	Length	Head	Body Dia.	Head Dia.	Part	Each

1"	RIV137 \$0.45			--	RIV146 \$0.20	RIV150 \$0.35

## Monel Rivets

Made from Nickel alloys. *Polishes like Nickle or German silver.*

.125" body dia. .225" head dia.		
Length		
.250"	RIV001	\$0.75 Each
.312"	RIV002	\$0.75 Each
.375"	RIV003	\$0.75 Each
.437"	RIV004	\$0.80 Each

## Round Head Rivet Setters

Forged Steel. Polished Face. Hardened working end.  
Used for setting Brass, Steel & Monel rivets.

Part	Size	Hole Size	Each
TOL001	0	.281	\$33.00
TOL002	3	.191	\$30.00
TOL003	7	.125	\$29.00

## Full Tubular Rivets

Great for attaching leather straps together. Rivet post length should be 1/16" to 1/8" longer than material to be riveted. *Length is overall under head.*

Size	Material	Part	Each
9/64" body dia. 5/16" head dia.	Brass	RIV038	\$0.30
3/64" head ht.	Nickel Plated	RIV039	\$0.30

## Tubular Rivet Tool

Designed to flare out the end of the rivet

LEA018 \$33.00

## Jiffy Rivets

Hammer together style.  
3/8" head, 3/16" shank diameter, 1/4" grip length

**Brass**  
**RIV042 \$0.30 Each**  
**Nickel Plated**  
**RIV043 \$0.30 Each**

These are 150-degree countersunk rivets designed for low-stress applications, like brake lining.

Made from Alloy 270 brass. Internal hole depth is equal to rivet diameter.

Hole size is 0.156" for 9/64" dia rivets and 0.199" for 3/16" rivets.

*Length is overall under head.*

*Priced by the each.*

## Semi-Tubular Rivets

Length	9/64" body dia. 5/16" head dia. 3/64" head ht.	9/64" body dia. 3/8" head dia. 3/64" head ht.	3/16" body dia. 3/8" head dia. 3/64" head ht.	3/16" body dia. 1/2" head dia. 1/16" head ht.

## Bolts

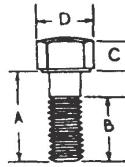

### High Head Bolts

*Black Oxide Finish*

Old style bolts with a slight dome.

**Machined from 4142 steel is heat treated equivalent to Grade 5.**

The correct style for many vintage vehicles.

### Wheel Bolts

3/8-16      2-3/8"      NUT850 \$21.00\*\*  
 3/8-16      2-1/2"      NUT858 \$22.00\*\*

*NUT858 does not have a square under the domed head.*

7/16-14      2-3/4"      NUT855 \$20.00\*\*  
 7/16-14      3"      NUT856 \$22.00

7/16-20      3-1/8"      NUT857 \$24.00\*\*

*\*\*Temporarily out of stock*

### Step Bolts

Similar to carriage bolts, but these have a much larger head diameter and are the best replacement for fender bolts and others with large heads.

*Black Oxide finish.*

**1/4-20**  
(Head Dia. 0.820")

1"	NUT165	\$0.60
1-1/2"	NUT166	\$0.60
2"	NUT167	\$0.60

1-1/2"	NUT172	\$2.50
2"	NUT173	\$2.00
2-1/2"	NUT373	\$2.00

### Flush Head Bolts

Like step bolts except their heads are wider, completely flat and counter-sunk like a flat head screw.

An excellent choice for fastening floor and running boards.

*Fully threaded and are zinc plated steel.*

**1/4 - 20**  
(Head Dia. 0.985")

2"	NUT590	\$1.50

## Tank Straps

### Drive Screws

#### Stainless Steel

The correct way to attach name plates to generators, starters, firewalls, etc. Works on anything that has a blind hole or an area where you can't use a nut. Designed to be forced into a hole slightly smaller than the screw.

### Tubular Post Screws

Attaches accessories through leather, windshield posts, firewalls, trunks, etc. The post is domed and unslotted, while the screw is identically shaped with a straight slot for a screwdriver.

*Head diameter .410; Tube diameter .200; Thread 8-32*

Designed for use under all counter sunk screws so they can be tightened without chewing up the surface finish.

Standard flush finish washers have a small lip which protrudes beyond the head of the screw.

Finish washers without a lip still protect the surface from the twisting of the screw but do not extend beyond the head.

Top Selling  
Products!

## Hood Strap Springs

Specifically designed for use on hood hold down straps. The springs fit leather straps of 1-1/2" width, but they can also be used on straps from 1-1/4" to 1-3/4". 302 Stainless Steel. 0.135" diameter wire. 3.48" tall x 2.23" wide.

*To make them shiny, have them electro-polished.*

FAS036 \$35.00

## Quick Release Fastener

This connector is ideal for joining two hood straps, as you can "quick release" the top strap for opening the hood without using a conventional buckle.

It will add a lot of character in any application.

Overall length 4-1/2"; strap width: 1-1/4".

*This fastener is not suitable for seat belts.*

	<u>Part</u>	<u>Each</u>
Solid Brass	BRA031	\$10.00
Stainless Steel	BRA032	\$10.00

## Leather Straps

Straps

We stock from 3/4" to 1-1/2" in natural tan without painted edges, black with black painted edges and chestnut with black painted edges.

*Each belt is between 45" - 60" long and 1/8" thick.*

*To secure hardware to these straps use tubular post screws found on page 41.*

<u>Size</u>	<u>Natural</u>	<u>Black</u>	<u>Chestnut</u>

This unit will clamp on any 1/4" shaft, no hole necessary. It is 8" long, and it is extendable to 12". *This is the same arm that comes in our wiper motor kits, ACC092 and ACC093.*

Part	Each
8" long, extends to 12" ACC080	\$21.00
6" long, extends to 8" ACC085	\$20.00

### Wiper Arms

For use with wrist-type wiper blades. Clamps on 1/4" shaft. No hole necessary.

Part	Each
6" ext. to 8" ACC094	\$15.00
8" ext. to 12" ACC095	\$18.00

### Hand Wiper Chrome Plated

Early style hand-operated wiper with 1/4" shaft.

ACC051 \$75.00

### Wiper Arm Hook & Saddle Type

All stainless generic replacement fits any 1/4" shaft with a 3/32" hole drilled through it. Overall length 7-3/4".

ACC011 \$21.00

### Wiper Blades

For wrist type wiper arms.  
*Fits on parts ACC094 & ACC095.*

Part	Each
6" ACC142	\$20.00
8-1/4" ACC143	\$20.00
10" ACC144	\$20.00

### Wiper Assembly

*Polished Stainless Steel*

Contains stainless steel motor cover, arm, blade, and motor with 2-1/2" shaft which can be shortened. 120° travel. *Wiring diagram included.*

Part	Each
2V kit ACC093	\$65.00

### Wiper Blade

*Hook and Saddle Type*

Can be easily shortened.  
*Fits wiper arms ACC011 and ACC085.*

Part	Each
7- 1/2" ACC081	\$8.00
10" ACC002	\$9.00

### Wiper Blade

*Hook and Saddle Type*

This unit is similar to ACC002. It has a more robust attachment area, giving less wobble during operation, but is more difficult to trim the length.  
*This is the same blade that comes in wiper motor kits, ACC092 and ACC093.*

11" ACC146 \$15.00

### Vacuum Hose

Black hose fits original wiper motors.

Part	Per Foot
1/8" Fittings LUB013	\$2.00
3/16" Fittings LUB019	\$2.00

Wiper Motors & Wipers

### Wiper Motor

Has a 110 degree sweep and is self parking.

The on/off switch is located on the black housing.

The threaded wiper shaft is 5/16" in diameter and 3-1/8" long with the ability to be shortened to 2-1/2". Mounting holes are pre-packed with rubber bushings and are 1-3/4" from center of wiper arm on each side. *It works with our wiper arms ACC011, ACC080, ACC085, ACC094, ACC095.*

Part	Each
12v ACC177	\$70.00
6v ACC172	\$100.00

## Circular Rear View Side Mount Mirror

Large windscreen pillar mounted mirror. Convex lens is 5-5/8" in diameter and fully adjustable on a 10" arm on which the mirror can travel. *Clamps on round or semi round 3/4" windshield channel.*

Brass ACC169 \$300.00

Nickel ACC219 \$400.00

## Beveled Mirror with Bracket

Clamp on beveled mirror with swivel ball and socket bracket; clamp fits 7/8" diameter tube. *Mirror size: 2-3/4x6".*

Part Each

Polished Brass ACC017 \$80.00

Polished Stainless ACC007 \$80.00

## Hinge Pin Mirrors

Fit onto your hinge pin.  
*Comes with a new hinge pin and necessary hardware if needed. 4" locking swivel mirror.*

6" Arm  
1-3/4" Hinge Opening

ACC139 \$70.00

9" Bent Arm  
2-1/4" Hinge Opening

ACC195 \$70.00

## Rectangular Mirror

5" x 2" Glass held in a stainless steel cradle.  
Cast stainless base with two-hole flange.  
*1-5/8" hole centers. Arm is 2-1/2" high.*

ACC168 \$45.00

## Universal Mirror

Universal mounting bracket.  
Especially suited for closed cars.  
*Glass size 2-5/8" x 5".*

Black Painted Steel  
ACC018 \$65.00

## Flat Mount Mirror

2-7/8"x 5-3/4" oval stainless head with polished stainless bracket.

ACC130 \$60.00

## Mirrors Aluminum

4-3/4" x 1-  
2-5/16" 3/4" Hole Centers  
Part Each  
Glue on ACC137 \$70.00  
Screw On ACC136 \$80.00

## Stainless Mirror Head

4-1/8" diameter with 5/16" swivel mounting post 1-1/2" long; 3/4" thread length.

ACC111 \$30.00

## Post Mirrors Polished Stainless Steel

It has a 6" post and a 4" dia. locking swivel mirror.  
*The ends of the posts are threaded.*

5/16-18 Threads  
ACC140 \$80.00      7/16-20 Threads  
ACC141 \$80.00

## Suction Cup Mirrors

Black plastic. Fully adjustable mirror.  
Great safety item. Just stick it on for GO and remove it for SHOW!

Part Each  
Plastic 2" x4-1/2" ACC123 \$20.00  
Plastic 2-3/4" x6" ACC165 \$24.00  
Stainless 2-1/2" x6" ACC166 \$40.00

## Straight Arm 'Peep' Mirror

Clamps on most door edges and adjusts to many mounting angles.  
The arm is 5-1/4" long and the mirror with locking swivel is 4" dia.  
Rubber mounting pad and Allen wrench included.

ACC138 \$35.00

<u>I/D</u>	<u>Shank Dia.</u>	<u>Part</u>	<u>Each</u>
.187"	.203"	FLX060	\$19.00
.187"	.187"	FLX061	\$28.00
.187"	.150"	FLX062	\$26.00

## Choke Cable

Inner wire  
.062 OD

FLX042 \$0.70 Foot

### Choke Cable

Galvanized housing  
.187 OD

FLX046 \$2.00 Foot

### Clamp

FLX044 \$4.00 Each

## Belting

### Link Belt

Link belt is similar to "take apart" belts used in the teens and 20's.  
Length can be easily increased or decreased by adding or removing individual links.  
Measure width of "V" at outermost edge of pulley;  
21/32" is the most common size.

	<u>Part</u>	<u>Per Foot</u>
Black	1/2"	BEL006 \$20.00
Black	21/32"	BEL010 \$24.00

### Spring Belting

Spring can be cut to fit your application.  
Use a spring connector that screws inside the continuous spring on each end and then join the two connectors together to make one continuous loop.

Two connectors are required to make the loop.

	<u>Part</u>	<u>Price</u>
5/16" Spring Belt	BEL008	\$15.00 Foot
5/16" Belt Connector	BEL009	\$6.00 Each
3/8" Spring Belt	BEL011	\$15.00 Foot
3/8" Belt Connector	BEL012	\$6.00 Each

## Drive Coupling

### Drive Coupling Material

Rubber impregnated cloth designed for use as u-joint and drive coupling medium.  
Material is to be stacked to fill larger distances.  
State required dimensions when ordering.

3/16" thick    MEC005 \$1.00 Square Inch  
*Only available in black.*

1/4" thick    MEC004 \$1.00 Square Inch  
*Only available in tan.*

## Leather Conditioner

When it is time to give those precious leather seats and upholstery some care, we recommend Color Plus Leather Restoration Systems. Rejuvenates tired and dull leather. Test all conditioning and restoration products in an area that does not show to ensure that desired result is achieved.

### SOFFENER™ - Original Formula Leather Conditioner

WHY IT'S DIFFERENT? SOFFENER™ contains more natural oils. Absorbs deep into the interior layers of the leathers.

Rehydrates and nourishes leather from the "inside out". Leather regularly conditioned with SOFFENER™ remains soft and supple for many years. SOFFENER™ is the most potent and beneficial leather conditioner available. Softens old, stiff leather and preserves new leather. In most cases SOFFENER™ will not darken light shades of leather. Natural leather smell.

*One quart conditions approx. 300 sq. ft.*

*Not for use on suede.*

**Quart LEA001 \$80.00      Gallon LEA002 \$250.00**

## Leather Conditioner

## Heavy Duty Multipurpose Cleaner

SUPER-CLEANER is a powerful industrial strength, biodegradable, phosphate free concentrate. It easily removes both surface soil and dirt that has become embedded in the pores of the leather. SUPER-CLEANER is formulated to remove both oil and water based stains.

*Safe for leather and vinyl. Not recommended for fabric, suede and velour.*

*1 Quart LEA005 \$80.00*

## Wenol Polish

A gentle polish that cleans and preserves all blank metal surfaces. It produces a long lasting water resistant layer that protects against rust and corrosion. Red is not recommended for painted, plated metals or anodized aluminum. Blue (Auto-Wenol) is an ultra soft polish which provides a high gloss luster to aluminum, chrome and stainless steel.

*To use: apply evenly over surface using a soft cloth or polishing pad, then polish up to a high-sheen finish. Can be used on wet surfaces.*

	<u>Part</u>	<u>Each</u>
Red 100 ml	PRO004	\$17.00
Blue 100ml	PRO006	\$17.00
Red 40oz	PRO007	\$57.00
Polish Cloth	PRO011	\$2.00

## Master Formula – Metal Gloss

Specifically formulated to polish all types of metal. It removes oxidation & water spots, & restores your metal to a brilliant high gloss. *Works on aluminum, chrome, brass, stainless steel and more.*

	<u>Part</u>	<u>Each</u>
12oz. Bottle Metal Gloss	PRO045	\$20.00

## Polishes & Cleaners

## Bees Wax

*2" Dia. x 1" Thick, or 1 oz.*

Nature's wonder product. Handy for use on leather edges, brass screws, sanding belts for aluminum, etc.

**PRO002 \$7.00**

## Adhesives

### Contact Cement

This contact cement works well for gluing our matting to wood or metal surfaces.  
Complete instructions are included.

1 Pint Can ADH002 \$25.00

### Upholstery Adhesive Spray

A must when doing trim and upholstery work.  
Bonds to foam rubber, urethane foam, glass, cardboard, cloth and leather.

**For permanent and temporary bonds, water resistant.**

12 oz. Aerosol ADH045 \$16.00

## Clear Lacquer

This clear lacquer coating is to protect bare metals from tarnishing.  
Works especially well on brass.  
Nontoxic and contains no fluorocarbons.

**The 1 quart can is "ready for use" with a spray gun or use the convenient aerosol spray can.**

1 Quart ready for use PRO008 \$70.00

Aerosol PRO009 \$37.00

## Black Oxide

### Black Oxide Kit

This easy to use solution gives a tough, dull black protective finish to ferrous metal parts (steel or iron). No heat is necessary.

	<u>Part</u>	<u>Each</u>
32 oz. Black Oxide	PRO012	\$125.00
32 oz Degreaser	PRO013	\$36.00
12 oz Aerosol Prevent	PRO014	\$75.00

### Gas Tank Sealer

Stops rust, leaks & corrosion.  
Can be re-sealed and re-used.  
Mix well before use.

1 Pint Can ADH047 \$31.00

### Fuel Preservative & Stabilizer

One ounce will keep 3 gallons of fuel fresh for at least 3 years. Contains no alcohol; will not harm metal or rubber parts. Unlimited shelf life, great for 2 and 4-cycle engines.

1 Quart Bottle PRO027 \$23.00

## Hirsch Products

### High Temperature Exhaust & Manifold Paint

*These finishes will withstand temperatures up to 2000°F.*

16oz Bright Aluminum Aerosol  
1 pint Bright Aluminum can  
1 Pint Black Can

<u>Part</u>	<u>Each</u>
PRO036	\$30.00
PRO035	\$37.00
PRO037	\$37.00

## West System Epoxy Wood Filler/Sealer

WEST SYSTEM epoxy is a high-quality, two-part epoxy. It bonds to fiberglass, wood, metal, fabrics, and other composite materials and is easily modified for a wide range of coating and adhesive applications. It is used for construction and repairs requiring superior moisture resistance and high-strength, and is especially suited for marine applications. Cures at room temperature. Pot life, 9-12 min. Working time, 60-70 min. Cure to solid, 6-8 hours.

*When fully cured, it sands to a fine white powder.*

We stock the resin (#105) in quart containers and the most common hardener (#205). In addition to the epoxy, we stock the high density filler (#404) which we use when a thicker consistency is required. We also stock the metering pumps which work great!

	<u>Part</u>	<u>Each</u>		<u>Part</u>	<u>Each</u>
Resin #105, 1 Quart	ADH008	\$90.00	Hardener #205, for 1 Gallon Resin	ADH012	\$90.00
Resin #105, 1 Gallon	ADH011	\$140.00	Hardener #205, for 1 Quart Resin	ADH009	\$62.00
Metering Pump	ADH007	\$25.00	Filler #404, High Density, 15.3oz	ADH010	\$40.00

## Smith and Company

Clear Penetrating Epoxy Sealer (CPES) is the best stuff we have found to seal wood and leave it ready to fill and paint.

This stuff is great! *This is the first coat on all of our wood.*

Warm Weather Formula	Pot life	4 Hours	8 Hours	16 Hours	Use Cold Weather Formula
	Full cure	2 Days	4 Days	8 Days	
		86F / 30C	68F / 20C	50F / 10C	32F / 0C
Use Warm Weather Formula		2 Hours	4 Hours	8 Hours	Pot life
		2 Days	2 Days	4 Days	Full cure
					Cold Weather Formula

It has a long pot life, you can brush it on, roll it on, or even spray it on your wood.

**Clear Penetrating Epoxy Sealer (CPES) (Multiwood Prime)** consists of a tough, flexible resin system in a solvent blend which dissolves the sap, oil and moisture found in wood. The resin system is derived from natural wood resin and develops a chemical bond to the wood fibers themselves. The wood is strengthened while allowing normal expansion and contractions with changes in temperature and humidity. Mix ratio 1:1.

When repairing wood that has mild dry rot, the CPES will migrate along the abnormal porosity which dry rot fungus creates within the wood, as long as it continues to be fed in. Impregnation of wood with CPES changes the cellulose of wood (which fungi and bacteria find tasty and easily digestible) into epoxy-impregnated cellulose which resists further attack by fungi and bacteria while reinforcing the wood, accomplishing restoration. Paint or varnish will last longer because the paint has a strongly attached, chemically compatible surface to bond to.

	<u>Part</u>	<u>Each</u>	<u>Fill-it</u>
CPES, Warm Weather 2 Pint Kit	ADH025	\$75.00	Fill-it is a high strength flexible epoxy filler.
CPES, Warm Weather 2 Quart Kit	ADH026	\$120.00	Will cure down to 28 degrees.
CPES, Warm Weather 2 Gallon Kit	ADH027	\$345.00	12 Oz. Kit ADH030 \$40.00

## 1914 Mercedes Lautenschlager

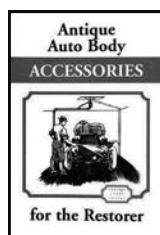

Though a century has passed since the great cars thundered through the small villages and traversed the undulating countryside gravel roads of France, echoes of the momentous race still ring today. Climb aboard and experience the thrills and vicissitudes of vintage racing as George Wingard pilots you through the circuit of the epic 1914 French Gran Prix. He'll introduce you to the people, cars, and events that set the stage for one of the most important and memorable races in all of history. You'll get to know two of the giants of early auto racing—Germany's Christian Lautenschlager and America's Ralph De Palma—discovering what mettle the racing pioneers were made of. Join the pit crew and see the racing machines at speed and at rest. You'll get a close-up look at the engineering and craftsmanship behind the cars that broke world land speed records in the first decades of the 20th century.

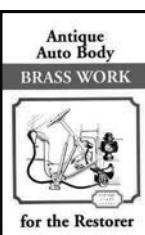

BOO014 \$90.00

### Antique Auto Body Book Series for the Restorer

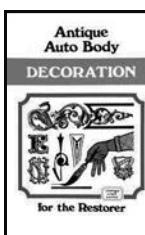

Softbound books which cover extensively all aspects of early automotive restoration. They feature detailed period illustrations and are still some of the best reference books available today.

## Literature

### Essentials of Upholstery and Trim

An incredible reference book with a gallery of interior photos of cars from the teens, twenties, and thirties. Even if you're not a trimmer, you can learn about the different period designs.  
*Softbound*

BOO008 \$35.00

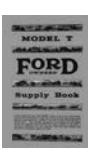

### Automotive Radiator Construction and Restoration

Includes almost all there is to know about the different types of vintage radiators and cores, how they work (and why they don't) and how they were made and repaired. This book is a must if your pre-war vehicle has a radiator!  
*Hardbound*

BOO009 \$28.00

### Model T Owner Supply

This book is simply the best ever published on the unique accessories and speed equipment for "T" Fords. It's been out of print for many years, but is available once again.  
*Softbound*

BOO011 \$28.00

### Life Lines of the Motor Car

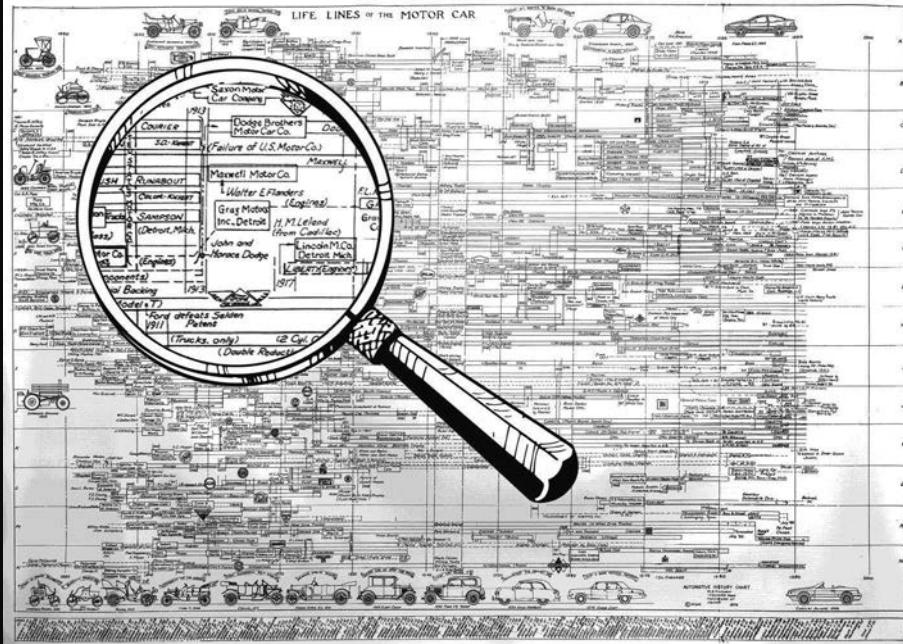

Illustrated by Walter Orson MacIlvain

*This highly detailed print is 36" x 48"*

It outlines the history of the automobile from the late 1800's through 2000. It displays in great detail the evolution of different technologies, the rise and fall of major (and minor) automobile manufacturers.

*We have been given permission by Walter MacIlvain's surviving family to reproduce this great piece of artwork so we all can enjoy it and preserve his vast knowledge for generations to come.*

We believe it belongs in every shop and enthusiast's garage!

# Restoration Supply Company

was formed in response to a need within the restoration industry to have "the Right Stuff" available, and it is our goal to provide quality items which are as correct and authentic as possible. In many cases, we've had items manufactured to our specifications in order to closely duplicate originals which no longer exist. We've been in the "hands on" restoration business since 1972, and we feel that our product line reflects this experience.

We've tried to make our catalog informative and interesting, and we've carefully avoided empty "sales pitches." On the other hand, we have not hesitated to personally recommend products which are particularly outstanding. We use—and stand behind—what we sell.

If you are not satisfied with something you buy from us, please tell us. If you like what you buy, tell a friend! We are constantly adding to our product line. If you need something you don't find listed, please contact us. We're here to help and we always welcome your comments and suggestions.

Thank you to all of our friends and customers for your continued support throughout the past 37 years. We hope to continue to locate and offer difficult-to-find parts for many years to come to allow you and future generations to enjoy restoring and driving vintage automobiles. We look forward to many more years of Restoration Stuff and continuing to grow our relationships with friends and customers.

Thank you again for your support.

—Allan & Beth Schmidt

**HOURS** 8 a.m.-3:30 p.m. (PACIFIC TIME) MONDAY-FRIDAY  
E-mail anytime. Order online anytime and we'll ship the next business day. [WWW.RESTORATIONSTUFF.COM](http://WWW.RESTORATIONSTUFF.COM)

**ORDERING INFORMATION** Orders can be taken by phone, e-mail, website, or U.S. Mail. Please include customer number and phone number on all ordering correspondence.

**PAYMENT METHODS** Visa, MC, Discover, Prepaid, COD. Money Orders,

**PRICES** Prices are subject to change without notice.

**SALES TAX** All California residents will be charged 7.75%.

**DOMESTIC SHIPPING** Shipping methods are UPS or US Mail. Shipping charges are based on the actual costs plus a nominal handling fee. Orders within the continental U.S. are shipped via ground service unless otherwise requested; additional charge for air delivery. Overpayments will be credited/refunded; shortages will be billed accordingly. Oversized packages engender premium shipping charges. Molding is shipped in heavy-duty cardboard tubes and subject to a shipping premium for handling and cost of tube.

**INTERNATIONAL SHIPPING** International shipping will be US Postal Service Global Express, whenever possible. See [www.USPS.com](http://www.USPS.com) for shipping requirements.

**SHORTAGES** Shortages must be reported within 10 days of receipt of merchandise.

**BACK ORDERS** Unless otherwise requested, we will ship all parts in stock and subsequently ship backordered items upon their arrival to our shelves.

**RETURNS** ALL RETURNS REQUIRE PRIOR AUTHORIZATION FROM US. Merchandise must be returned, prepaid, within **60 days** of receipt to receive credit. There is a **20%** restocking fee for returns. Merchandise in saleable condition will be accepted; merchandise that has been used or altered in any way will not be accepted. Items **cut-to-order** are non-refundable. Special order items are not returnable.

**WARRANTY** All merchandise is sold without warranty, express or implied.

**GIFT CERTIFICATES** Available upon request.

**WE ARE DISTRIBUTORS FOR:**  
LUBRIPLATE • EVANS COOLANT • PENRITE  
AUVECO • MIDWEST ACORN  
SMITH & CO • WEST SYSTEMS • ROGERS CO
